

Universal Fabric Structures to Exhibit at Military Air Assets Exhibition & Conference

Quakertown, Pennsylvania –

[Universal Fabric Structures](#) announces its plans to exhibit at the [Military Air Assets Exhibition & Conference](#) to be held at the Prime F. Osborn Convention Center in Jacksonville, Florida, from March 30-31, 2010. The Military Air Assets Exhibition & Conference is the new home for the Joint Military Aviation Community in the US, displaying the latest program updates on **fixed wing, rotorcraft, UAS / UAV assets**, and the latest strategies in **maintenance repair and overhaul (MRO)** and **performance based logistics (PBL)**.

Universal Fabric Structures, exhibiting in Booth #734, has for more than 30 years, been offering quality military structures to satisfy a variety of project requirements. Both permanent and relocatable structures have provided shelter to all branches of our Armed Forces.

Our aviation solutions include hangars, terminal expansions and baggage handling facilities. These structures are modular, quickly assembled, and customizable to meet each customer's specific requirements. In addition, structures can be built to be more energy efficient by using a translucent fabric option, greatly reduce your energy costs over time.

"We are delighted that Universal Fabric Structures is joining us for the largest gathering of military and aviation professionals at the Military Air Assets Exhibition & Conference" says Michael Gallo, Managing Director of IDGA Exhibitions. "Universal Fabric Structures is truly a leader in the field of custom kitting and military parts distribution. We look forward to helping further connect the Universal Fabric Structures brand to the aviation community."
