FOR IMMEDIATE RELEASE

April 10, 2007

Universal Fabric Structures Continues as a Preferred Vendor at USA Swimming “Build a Pool” Conference

(QUAKERTOWN, PA) – Universal Fabric Structures, Inc. (UFS), headquartered in Quakertown, PA, will again participate as a preferred vendor in the third annual USA Swimming “Build A Pool” Conference, to be held April 11 – 13, 2007 at the Doubletree Hotel, Colorado Springs - World Arena in Colorado.

The UFS Sporthall™ product, featured at the conference, is used for aquatics centers across North America. Sporthall offers a broad selection of structures and sizes in aluminum or steel construction with numerous finishing options such as insulation, retractable wall systems, HVAC, lighting systems, doors, and a variety of outer fabrics and inner liners to meet the needs of aquatic climates.

In addition, Sporthall offers technically advanced pre-engineered solutions that utilize premium architectural membranes specific for tension structures. The structures are designed and engineered for extreme climates, wind and snow loads in adherence with strict international standards and codes.

About Universal Fabric Structures

Universal Fabric Structures, Inc. is committed to providing on a global basis high quality, cost effective, engineered fabric structure systems based on customer-driven needs. Established in 1983, the company has

delivered on this commitment providing solutions for military, sport, industrial, and event applications. Projects include rapid-deploy, relocatable military structures, Sporthall facilities for tennis, soccer, swimming, multi-sport and professional football teams, All-Site industrial applications for warehousing and containment, and Pavilion structures for events and gaming.
